Experienced Software Engineer with expertise in frontend development, backend integration, and mobile application development. Specializes in developing robust, efficient, and maintainable frontend and backend architectures. Proven success working on multiple enterprise-level projects, delivering scalable and high-performance solutions.

EDUCATION

June 2024

BSc (Hons) in Information Technology Specializing in Information Technology

Sri Lanka Institute of Information Technology

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, C#, Python.
 - **Frontend Development:** React, React Native, Tailwind CSS, Bootstrap
 - **Backend Development:** Node.js, Express.js, .NET, REST API Design
 - **Databases & ORM:** MySQL, MSSQL Server, MongoDB, Drizzle ORM
 - **Operating Systems:** Windows, Linux (Ubuntu, Armbian)
 - **Cloud Platforms:** AWS, Azure, Firebase
 - **IoT & Edge Computing:** VIM1, ROCK 4C Plus, Raspberry Pi, ESP32
 - **Version Control:** GitHub, Azure DevOps
 - **Tools:** Postman, Figma, VS Code, Visual Studio, IntelliJ
-

WORK EXPERIENCE

Software Engineer – Yenasys

Dec 2024 – Present

- Managed real-time data processing pipelines using SignalR, enabling live updates and efficient data synchronization.
- Optimized concurrent data handling and state management for high-frequency real-time interactions, reducing latency by 30%.
- Worked on round-robin load distribution logic to efficiently handle concurrent users and ensure balanced workload distribution across the system.
- Led backend enhancements for a cross-platform PWA using Service Worker, integrating system notifications with Push API, and improving overall user engagement.
- Designed and implemented scalable file storage solutions across AWS S3, Azure Blob Storage, and server environments, optimizing media handling and download performance.

Associate Software Engineer – Yenasys

May 2024 - 2024 Dec

- Contributed to full-stack development of enterprise-level applications, including **Digital Brokerage, Messaging Platform, SaaS, AML, and E-commerce systems**.
- Worked as a lead front-end developer on two major enterprise web applications, improving usability, visual consistency, and reducing latency.
- Developed cross-platform mobile applications using React Native and implemented secure API integrations, including **AES encryption/decryption**.
- Developed asynchronous client-server communication using AJAX, RESTful APIs, and GraphQL to support dynamic, data-driven application features and efficient data fetching.
- Performed peer code reviews and optimization, improving application performance, accessibility, and maintainability.

Intern Software Engineer – Yenasys

Nov 2023- May 2024

- Assisted in multiple software development projects, gaining foundational experience in full-stack development.
- Designed and developed UI/UX components for mobile applications and web-based e-commerce platforms, focusing on responsive design, usability, and consistent user experience.
- Supported backend development and database operations across various applications.
- Participate in sprint planning sessions to estimate task complexity and prioritize work items.

SOFT SKILLS

- Self-motivated and fast learner with the ability to quickly adapt to new technologies and development environments.
- Strong problem-solving and analytical thinking skills, applied in debugging and building scalable software solutions.
- Effective time management and multitasking abilities, capable of handling multiple development tasks in Agile environments.
- Able to perform under pressure and deliver quality work within tight deadlines.
- Strong team collaboration skills with experience working in Agile development teams, including code reviews and sprint planning.

EXTRA ACTIVITIES AND EXPERIENCES

- Served as **News and Program Presenter at Jathika Rupavahini** (2014–2020), gaining strong communication and presentation experience.
- Held leadership role as **Deputy Head Prefect** at St. Anthony's College, demonstrating responsibility and discipline.
- Led School **Media Unit as President**, managing content and student media activities.
- Active member of Leo Club of SLIIT, contributing to community service.
